For additional information please visit the GCSAA [association news](#) section or contact the Communications Department at 800-472-7878.

GCSAA is a leading golf organization and has as its focus golf course management. Since 1926, GCSAA has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to more than 20,000 members in more than 72 countries. GCSAA's mission is to serve its members, advance their profession and enhance the enjoyment, growth and vitality of the game of golf. The association's philanthropic organization, [The Environmental Institute for Golf](#), works to strengthen the compatibility of golf with the natural environment through research grants, support for education programs and outreach efforts.
